Event Overview

Matheran is one of the smallest hill stations in India, located around 90km from Mumbai and 120km from Pune. It is one of the very few places in the world where motor vehicles are banned which make this place quite peaceful and beautiful. It has heavy rainfall during the monsoon and place is quite chill and pleasant during winter.

The steep cliffs of Matheran offer stunning viewing points. The green hilltop has at least 38 places, which provide amazing views. Panorama Point offers a 360 degree view of the surrounding region and the Neral town. It has sensational views of sunset and sunrise. From Louisa Point, one has a clear view of the Praball Fort.
